# Exclusions and Limitations

## General Exclusions

The following services and plan exclusions are not covered by TakeCare. Member is responsible for all related charges for:

- A. (1) All services not specifically included in the "Schedule of Benefits".  
(2) Services received prior to a member's start date of coverage or after the time coverage ends.
- B. TakeCare is not responsible for the cost of services rendered by a non-participating dentist when the member has refused treatment provided or authorized through a member's primary dentist.
- C. TakeCare is not responsible for the cost of services, which are not necessary or not required in accordance with professionally recognized standards of dental practice.

## Plan Exclusions

- All hospital costs and additional fees charged by the dentist for hospital treatment.
- Cultures and/or histologic tests.
- Dental services which are provided to the eligible patient by any federal, local or state government agency or program.
- Experimental procedures. Extraction, study models and X-rays solely for orthodontic purposes.
- Extra-oral grafts, implants of any kind including component parts (including but not limited to abutment attachments and special or additional screws).
- Implant related restorative services, procedures and supplies.
- General anesthetic, conscious sedation and other forms of relative analgesia including, but not limited to, IV sedation and oral pre-medication except as provided for in the Schedule of Benefits.
- Oral surgical procedures including, but not limited to, surgical extraction of erupted teeth, impacted teeth and unerupted teeth (including third molars (wisdom teeth)).
- Prescription and over-the-counter drugs except as provided for in the Schedule of Benefits.
- Fees for missed appointments and for copies of or transfer of dental records (including x-rays).
- Procedures, appliances or restorations necessary to increase vertical dimensions and/or restore or maintain the occlusion. Such procedures include, but are not limited to, full mouth rehabilitation, equilibration, periodontal splinting, restoration of tooth structure lost from attrition and restoration for malalignment of the teeth.
- Prosthodontic services or devices (including crowns and bridges) of any single procedure started prior to the date the patient became eligible for such services under this Policy.
- Replacement of lost or stolen dentures, bridges or other dental appliances.
- Services with respect to congenital or developmental malformations or cosmetic surgery or dentistry for purely cosmetic reasons including, but not limited to, cleft palate, maxillary and mandibular malformation, and enamel hypoplasia, fluorosis and anodontia.
- Cosmetic dentistry including, but not limited to, bleaching, veneers and posterior composites.
- Temporomandibular joint (jaw) dysfunction and other related diseases.
- Orthognathic surgery and other related services.

## Plan Exclusions continued

- Orthodontia except as provided for in the Schedule of Benefits and the Plan Limitations.
- Treatment and/or removal of oral tumors, treatment of traumatic injuries except of the teeth and adjacent soft tissues as provided in covered benefits.
- Work-related injuries. Benefits and services not specified as covered.
- Special orthodontic appliances including but not limited to Invisalign® and Fastbraces®.
- Any orthodontic appliances, services or treatment received prior or after eligible member's benefit coverage.

## Plan Limitations

The following are limitations of the benefit provided by this plan:

- Complete mouth x-rays are covered only once in a three (3) year period unless special need is shown and authorized by TakeCare. Panograph, two (2) periapicals and four (4) bitewing x-rays will be considered a full mouth series. Supplementary bitewing x-rays are provided upon request but no more than once every six (6) months.
- Prophylaxis (routine teeth cleaning) and fluoride are limited to twice a year.
- Crowns, jackets and gold restorations are covered only when other restorative material will not result in an adequate restoration. Replacement will be made only after five (5) years have elapsed following any prior provision of crowns, jackets or gold restorations under a TakeCare plan as provided for in the Schedule of Benefits.
- Prosthodontic appliances (including, but not limited to fixed bridges, partial or complete dentures) will be replaced only after five (5) years have elapsed following any prior provisions of such appliances under any TakeCare plan, except when the plan determines that there is such extensive loss of remaining teeth or change in supporting tissues that the existing appliance cannot be made satisfactory as provided for in the Schedule of Benefits.
- In all cases in which the member selects a more expensive plan of treatment than is customarily provided, the plan will pay the applicable percentage of the lesser fee. The member is responsible for the remainder of the dentist's fees.
- Posterior resin restorations are not a covered benefit. An allowance for a comparable amalgam restoration will be made. The difference in fees is the member's responsibility. Resin restorations on the facial/cervical surface of any posterior teeth are payable as one (1) surface anterior restoration.
- In the event that more than one (1) dentist furnishes services for one (1) dental procedure, the plan shall pay not more than its liability had one (1) dentist furnished all of the services.
- The orthodontic benefit is limited to the active orthodontic treatment phase only and applies only to children up to the age of seventeen (17) years who become new orthodontic patients under the TakeCare plan. The benefit does not apply to members whose appliances were installed while under a non-TakeCare dental plan.
- Any restoration done by the same dentist or dental office on the same tooth within twelve (12) months after the insertion of any crown.
- Replacement of any restoration on the same tooth and surface within twenty-four (24) months.
